25	Marching	-	Mic + Wireless	-	Freq 863-865 mhz
26	<b>DELAY RETURN</b>				
27-28	FX RETURN				
29-30	FX RETURN				
31-32	FX RETURN				

## **GENERAL INFO**

The technical rider is part of the contract.

Please clarify questions or modification request asap but at least two weeks before the show.

## **P.A.**

Sound System is of professional quality and capable to deliver an undistorted sound pressure of 100 dB (A) to the entire venue. The FOH is placed on centerline in a reasonable distance (2-3 x Stage Width).

In Locations with a capacity of more than app. 500 people a riser is provided with an approx. height of 0,4m

The FOH Area is saved by crush barriers during show.

The systems engineer is able to support our FOH engineer the entire soundcheck / change over and show. -

The system is "ready to go" at get in of the band.

## **FOH**

**Digital console is preferred:**

Yamaha CL 3/5 // Allen & Heath I Live // Soundcraft VI

All others systems subject to approval. No Midas Pro please.

## **LIGHTS**

A suitable professional lighting-system with min. 24kW rated capacity is obligatory. Moving Heads are very welcome. A professional light technician is present during soundcheck and show.

We prefer hazers instead of foggers – in both cases odorless – because the saxophonists in the front have to breathe a lot.

## **PERSONAL SECURITY**

In case of technical problems the band is not responsible for (such as insufficient or live-threatening electricity supply, insecure or unstable stage, dangerous stage-superstructure, non-roofed open-air stages, etc.) which could endanger life and limb of the artists and/or its crew, the band is relieved of duty to do any soundcheck or show until the full adjustment of these problems. All the rights of the contract stay valid, so the full fee (including supplemental agreements like travel and accommodation expenses etc.) will still be payable in this case.

## **ELECTRICITY**

Please provide 4 Adapters for Schuko style plugs. We bring the powerstrips we need.

**I have read this Rider and agree with my signature in all agreements contained.**

**Deviations must be discussed with the address below.**
